Important Information

This Certificate is not valid if changed in any way. For full details of your insurance cover, please also refer to your KeyFacts and Policy Wording document.

There is no requirement to have to show this to the car rental company as this is a contract of insurance between you and our insurance company.

Additional Named Drivers

Your policy covers up to nine additional drivers. You don't need to tell us the names of any other drivers, but you do need to make sure that they are expressed on your car rental agreement when you collect your car. This is so we can ensure that your additional named drivers are approved by the rental company to drive the vehicle.

You will need this document in case of an insurance claim. Please save the email received from iCarhireinsurance.com and/or keep all documentation in a safe place. If your details have changed and you do not inform us, your policy may be invalid and the insurer may reject or reduce any claim you make or even treat you as being uninsured. Please note we will only reissue documentation on your request and we will charge an Administration Fee of £10 if your request is beyond the 14 days Cooling-Off Period.
